H. P. Preston Named in Transamerica Row

Former Ukiah Man Alleged Head of Organization Formed to Secure Proxies

SAN FRANCISCO, Jan. 19.—With the granting yesterday of an anjunction forbidding Transamerica Corporation from continuing its heavy expenditure of corporate funds for the proxy campaign it has been conducting, the extent of some of those expenditures has become known.

Affidavits filed by the plaintiffs in support of their contention that the defendants were using corporate funds improperly, revealed that an elaborate campaign organization, headed by salaried officers of Transamerica, had been set up to seek the proxies of stockholders. At the head of this corps was H. P. Preston, formerly of Ukiah and Fort Bragg, a vice president, who had been sent to San Francisco from New York to manage the campaign. Preston, drawing a salary of about $40,000 per year had as his assistant, George A. Webster, a $35,000 vice president of the Bank of America, N. T. & S. A.

In San Francisco, a lieutenant of Preston has been drawing a salary of $500 per month as commanding officer of 250 solicitors, each drawing from the Transamerica treasury a wage of $250 per month and $150 for expenses. In Los Angeles another lieutenant has had charge of a force of from 50 to 75 solicitors, each paid the same monthly rate as in San Francisco. The Los Angeles field man has been drawing $1000 per month salary.

Another $500 per month man was assigned to gather proxies in the western states outside of California with an assistant at $500 per month and

Engineers of the United States department of commerce geodetic survey have been working in and around Ukiah for the last week, running a line of precise levels from Eureka to San Francisco. There are eight men in the party under the supervision of Lieutenant H. J. Oliver. Since coming here they have established four marks in Ukiah, one being at the Northwestern Pacific depot, another at the steps on the west side of the courthouse, one at the Masonic building and the other at the local observatory. It was stated that at each town along the route the elevations have been within an inch of being correct.

Mann to Reassume Theatre Ownership

Former Owner of Redwood Empire Show House Chain to Take It Back, Report

EUREKA, Jan. 18.—Probability that the three Eureka theatres and other show houses in northern California comprising the Redwood Circuit of the Hughes-Franklin chain will revert to the control and ownership of George M. Mann, organizer and former operator of the group, was seen here today when it was learned that negotiations are under way for the transfer.

Report of the negotiations for the return of the houses to the former management, carried by "Variety," widely circulated theatre magazine, were confirmed here today by Mann, who arrived in Eureka this morning from San Francisco. Although not revealing the exact status of the negotiations at the present time, Mann stated that it was "probable" that he would assume control of the theatres within the next few days.

The entire group of theatres, including houses in Eureka, (three), Arcata, Fortuna, Ukiah, Fort Bragg and Dinuba, were purchased from Mann several months ago, shortly after the organization of the Hughes-Franklin Theatres Inc., a chain operating houses throughout the entire western region of the United States. The Northern California group included the State, the Rialto and the Liberty theatres in Eureka; the Minor in Arcata; the State in Fortuna; the State at Fort Bragg; the State at Ukiah and the State at Dinuba.

"Further decentralization of the Hughes-Franklin chain will take place next week when the Mann circuit of Northern California houses is to be returned back to George Mann," according to the story of the transfer appearing in "Variety." This leaves Hughes-Franklin with only three houses, which will be sold or turned over as soon as buyers can be found.

"Intention last week was for the newly formed Westland Theatres to operate the Mann group, but it was later decided to turn them back to the former operator," the story continues.

Commenting upon the story appearing in "Variety" Mann stated today that the Hughes-Franklin concern has failed to meet certain financial obligations involved in the original deal, believed to be the reason for the return of the houses.

First Yard of Rain Reported at Willits

Talkington Home in Long Valley Has Narrow Escape from Destruction by Fire

WILLITS, Jan. 20.—We have now had our first yard of rain and the prospects are that we have now had more than half of our seasonal rainfall which used to average five feet under the Wilson administration. During Cleveland's time we had three feet one year.

The rainfall up to yesterday morning amounted to 35.99 inches for the season and a few small showers after that put us over the top.

Jupiter Pluvius played all sorts of pranks here since our last letter. On Thursday of last week it started snowing and the following morning there was ten inches of the beautiful on the level and the ground was well covered for three days. This heavy fall of snow broke all of the telephone and telegraph wires leading to town and also the electric power line leading from Potter valley. For about 48 hours the town was without electricity and stores and homes had to be lighted with lamps and candles. There was

Banker Gives Talk on World Finances

C. M. Mannon Speaker at Meeting of Lions Club. Reviews Depression Causes.

W. K. Davis, program chairman of the Ukiah Lions Club, is presenting a series of addresses by local authorities on the subject of "The Immediate and Important Needs of Ukiah," at the current meetings, which is attracting county wide attention.

At the meeting which was held in the Canton room of the Palace hotel yesterday noon with Preston Cherry presiding, Mr. Davis in an interesting introductory speech presented C. M. Mannon, president of the Savings Bank of Mendocino County, as the speaker of the meeting.

Mr. Mannon congratulated the club upon its definite and constructive program in seeking to render valuable service by discovering the city's needs and expressing a willingness to cooperate with other civic organizations in an attempt to meet them.

Mr. Mannon says Ukiah is his home town. He has witnessed its growth and development through the years and is profoundly interested in its welfare and future progress.

He said representatives of the various avocations would probably name different needs influenced by their business or profession and point of view, all of which might be of prime importance.

Being a banker he naturally viewed conditions from a financial standpoint.

The investigator seeks always the cause and true students' one question is always "Why?"

It is the banker's opinion that if we can without becoming too depressed, we should ponder over present conditions and think long and deeply about its causes and effects if in so doing we can warn future generations from following in our weary way.

He asserts that the present world wide business depression has two primary causes.

The first crime which the world committed and must explate was the World war. Its devastation resulted in an unbelievable destruction of material wealth not considering the wastage of human life, the wreckage of neutralities and the awful hates created.

The loss of $500,000,000,000 can hardly be translated into terms the lay mind can grasp.

Putting the amount into man years required to earn or amass this amount it still remains ununderstandable.

Besides using the wealth immediately available, debts amounting to $200,000,000,000 were incurred.

Russia abolished her debt by revolu-

The growers who co-operated in the study and the Mendocino County Agricultural Extension Service are to be congratulated on the completion of the five-year pear management study which brings to a focus many of the problems of this important county industry

The principles of orchard management contained in this study must be applied, of course, in relation to the individual problems of each grower, but they should prove an invaluable aid in making pear growing a more profitable enterprise.

Dogs Killed Two Deer In City Park Paddock

Dogs are said to be responsible for the death of two spike bucks in the deer herd at the park and others are cut and bruised as the result of running into fences when pursued.

One deer had a broken neck and the other was so badly injured W. F. Ornbaun, chief of police, had to shoot it. Anyone residing in the vicinity of the park should report to officers, if dogs are seen in the deer paddock. Unfortunately this is often impossible because the dogs, with the killer instinct, work only at night.

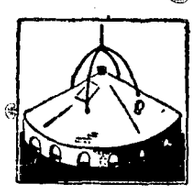
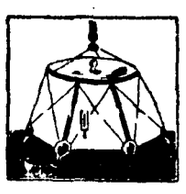
Electric brooders raise healthier chicks

HAVE you ever bought or hatched a brood of fine pedigree chicks that became drowsy and sick after a day or so? No doubt you have. You lost chicks as well as money.



Black Heat Brooder

Heating elements beneath the hover of this brooder are black and non-glowing. Curtains around the bottom conserve heat. A small electric lamp attracts the baby chicks to the brooder at night.



Radiant Brooder

Radiant brooders conserve heat by means of a tall hover. Glowing coils, beneath the hover top, attract the baby chicks to the brooder at night. A reflector, above the coils, throws heat rays to the floor.

The electric brooder raises strong, healthy chicks. That is because electric heat can be closely and automatically controlled. Poultrymen who use the electric brooder save time, labor and money. Fuel storage and handling problems are eliminated.

Modern electric brooders are now constructed to create air currents which ventilate the brooder and remove the injurious carbon dioxide and moisture exhaled by growing chicks Fresh, warm air keeps the baby chicks in a strong, healthy condition.

If you want to improve and simplify your brooding operations, it will be worth your while to use Electric Brooders. Without cost or obligation, our Rural Power Representative will be glad to call on you and give you further information. You may get in touch with him through our nearest office.

Bridge Arbor Again Raided by Officers

Bridge Arbor, often-raided Lake county resort, was raided again on Thursday night, federal agents from Santa Rosa headquarters visiting the place and seizing two gallons of moonshine whiskey. Alvin L. Neitz, an employee of the place, was arrested and in the Upper Lake justice court was fined $150, half of which was suspended during good behavior.

About two months ago Lake county officers raided the place and arrested Neitz, who subsequently was acquitted of liquor possession by a justice court jury. He pleaded he was the caretaker only and had nothing to do with the liquor found in the place. Ed Kremheller, named as owner of the resort, has been sought since the raid.

The federal raid, it was indicated by the officers, will probably be followed by an abatement action. Bridge Arbor is two miles south of Upper Lake.—Santa Rosa Press Democrat.

JOIN DE MOLAY

The Ukiah chapter, Order of De Molay, last Wednesday evening carried out the conclusive degree, which made Bill and Jim Davis full fledged De Molays.

The local chapter members are making arrangements for the Santa Rosa chapter to initiate seven new applicants into the Ukiah chapter and to be their guests at a banquet, after which it is intended the Santa Rosa and Ukiah Job's Daughters will join the dance to be sponsored by the Ukiah fraternity.

GRANT BABY IMPROVING

The infant son of Mr. and Mrs. Hub Grant is very much improved and now weighs 18 pounds. Shortly after birth the little fellow contracted stomach trouble and began to lose weight. He was taken to a San Francisco specialist and before he could be treated it was necessary to give him a blood transfusion, Mrs. Grant furnishing the blood. Since that time he has mended steadily and is gaining weight rapidly.

Wing Will Be Added to Howard Hospital

Mrs. Charlotte Reese Married to Albert Asher on Jan. 15. Other Willits Notes.

WILLITS, Jan. 18.—The Howard memorial hospital has outgrown its present facilities and an immediate enlargement is necessary. In order to relieve the congestion plans have been drawn for a ten-bed wing to the hospital and work on this will probably start as soon as the weather permits.

When the hospital was built a few years ago it was thought that its capacity was sufficient. However, at the present time, every ward is filled to capacity and beds have had to be placed in the corridors. To accommodate the waiting list patients are released from the hospital as soon as they are able to go home.

It has also been decided to put in an auxiliary electric plant to run the hospital equipment in an emergency such as happened last week when the Willits power line was out of commission for two days. A plant of 15 k.w. has been ordered and will be installed within the next few days. It is absolutely necessary to have the x-ray equipment ready for instant use, day or night, for at times it is a matter of life or death. Other special equipment is also operated by electricity.

Reese-Asher Wedding

Charlotte Reese and Albert H. Asher were married at San Francisco, January 15. The witnesses and wedding party consisted mostly of relatives of the bride. The couple returned to Willits on the early morning train Saturday and started housekeeping immediately at their home on east Mendocino street.

The bride is probably better known here by her maiden name of "Lottie" Larsen and came here with her parents 21 years ago. For a few years the family lived on a ranch north of town and then moved to Willits, where she entered the high school. About 12 years ago she married Conductor Sam Reese and they lived for about 12 years in San Francisco and after his death she lived in Ukiah for several years. She is a woman with a wonderful personality and has always been able to make warm friends and retain them where ever she goes.

The groom is the machinist at the Willits roundhouse and has lived here for the past eight years. He is a quiet, unassuming man of sterling qualities who bears the esteem and respect of all who know him.

Visited Ukiah

Last week the following delegation attended the joint installation of the Odd Fellows and Rebekahs at Ukiah: June Bredhoft, Mrs. J. M. Maritn, Mr. and Mrs. Will Heckendorf and Hazel Bendore.

Sunday School Record

The late Sarah Sawyers, who died here January 8, and mention of whom was made last week, was connected with the Willits Baptist Sunday school continuously for more than 60 years, which is undoubtedly the record for Mendocino county if not for the state. She first became connected with the Sunday school as a member about 1870 and for more than 50 years served as teacher or superintendent continuously and during this long period the only time she wa s absent was due to sickness or some other unavoidable circumstances.

She was a staunch supporter of the old-fashioned religion and hewed straight to the line up to the day of her death. She was probably more familiar with her bible than anyone else living here and read it daily from the time of her conversion. She did not confine her religion to her own church circles but in her quiet and motherly way helped all she came in contact with.

Pythian Sisters Install

Willits temple, Pythian Sisters, had a public installation last Thursday night. This was the night the power went out of commission and the lodge room was meagerly lighted with candles which gave the affair an uncanny and weird effect. The installing officer, Mrs. Ida Pritchett, had her charges letter perfect, and her grand marshals, Lily Leak and Ruth Lawrason, also had perfect work and the marches and counter marches of the officers elect was done with military precision.

The following are the new officers: Nettie Duffield, past chief; Elva Powers, most excellent chief; Dorothy Rogers, excellent junior; May Lopez, excellent senior; Ida Pritchett, manager; Mecca McPeak, mistress of records and correspondence; Nellie White, mistress of finance; Clara Heywards, protector; Elsie Teale, guard; Eva White, press correspondent; Nettie Duffield, trustee.

Following the installation ceremony an elaborate turkey banquet was served in the banquet room and here the tables were lighted with lamps and candles.

Personal Mention

Otto Arnold has been spending the week in San Francisco taking in the sights along the great white way.

Mr. and Mrs. M. V. Baker returned last week from a six weeks' visit with their son, Ray Baker and family, at Santa Maria.

Tom McWaters came down from Eureka last week on business connected with property.

Mrs. Bertha Arccher and Miss Ella Arbogast came up from Berkeley to spend the week end with Mrs. Ethel Wimmer.

V. W. Haselswerbt has been confined to his home for the past week by a severe attack of the flu.

F. W. Haselwood, a former well known citizen, has been transferred to Redding by the state highway commission. Mr. Haselwood was the chief engineer of district No. 1, with headquarters at Eureka, and we understand that he has merely changed places with the head engineer of the Redding district.

KILLED IN SOUTH

Dr. and Mrs. L. K. Van Allen were called to Los Angeles Monday to attend the funeral of their niece, the 16-year-old daughter of Mr. and Mrs. Clint Van Allen, who was killed in an automobile accident Sunday.

Clint Van Allen is a former well known Ukiah resident and for many years was foreman of the Dispatch-Democrat. He later was appointed as a deputy clerk of the State supreme court, under Frank L. Caughey, who was the chief clerk. He and his family have been living in the south for many years.

WENT SNOW SEEING

Miss Grace Emery and her mother, Mrs. Bertha Emery, motored to Willits Sunday afternoon for a last glimpse of the snow that still covered many parts of that section. Others who motored north Sunday included Mr. and Mrs. J. A. Jamison and Mr. and Mrs. J. P. Smith and party.

BURIED IN SAN FRANCISCO

Mrs. Kitty Clendenin, widow of the late James Clendenin, formerly justice of the peace at Hopland, died in San Francisco last week. The funeral was held last Friday. She leaves two daughters, Mrs. Roy Hise and Mrs. Gus Grant.

CARD OF THANKS

The Ukiah Lions Club takes this means of thanking all those citizens who aided in raising the fund with which to purchase an artificial limb for Gerry Shupe. The amount necessary is in the bank and will shortly be expended in the good cause.

FRED BOSWORTH,
Sec'y. ,Ukiah Lions Club.

AT HOME OF PARENTS

Marion Day, truck contractor of Willits, passed through this city Sunday enroute to the bay district on a business trip. Mrs. Day, nee Elva Wilgus, accompanied her husband here and will remain with her parents, Mr. and Mrs. Charles Wilgus, in Walnut avenue until the return of Mr. Day.

Mrs. Draper, who has been ill for sometime with a bad attack of influenza, is improving, according to Dr. S. L. Rea, her physician.

Damage to Evergreens By Snow Storm

The unusual and almost unprecedented snow storms which have visited Ukiah and vicinity during the month have caused some damage to evergreens in the public and private grounds of the city.

Large sections of the tall Monterey cypress standing in front of the new stucco bungalow at 610 North State street occupied by A. T. Henrich and family, were broken by the weight of snow on Thursday evening of last week. The electric light line was shorted and for a time the whole city was plunged into darkness and the North State street section for a longer period. In other home gardens, Italian cypress, arbor vitae, and deodaras were bent and branches broken.

The auracarias and magnolias in the front of the courthouse plaza suffered the loss of many branches while large limbs were broken from the big fir behind the jail.

Agricultural Commissioner N. G. Buhn says that the broken branches will be sawed off and the remnant painted to prevent further injury by disease or insects.

Redwood Valley P.T.A. Holds Thrift Meeting

The regular meeting of the Redwood Valley P. T. A. was held in the auditorium of the new high school building with Mrs. Lewis presiding.

An interesting and instructive program was presented in celebration of Thrift Week.

The musical features of the entertainment consisted of two vocal solos by Miss Dorothy Kirtlan, a group of vocal duets by the Misses Beatrice Hollingsworth and Millicent Edwards and several numbers by a double male quartette from the Ukiah high school led by Paul Lung with Miss Luverne Kistler acting as accompanist.

The speaker of the evening was William Bromley, secretary-cashier of the Savings Bank of Mendocino County, who delivered a timely and worth while address on the subject of "The Inculcation of Thrift."

He referred to Benjamin Franklin, born January 17, 1706, the 226th anniversary of whose birth was celebrated throughout the country last Sunday, as the greatest exponent of thrift of all time.

He told the story of Poor Richard's Almanac and quoted from its trite sayings to support the doctrine of thrift, which leaders in civic and financial life are everywhere beginning to expound to counteract the post war extravagance which has caused general economic distress.

He emphasized the fact that the thrift he advocates must not be confused with parsimony. True thrift means judicious spending as well as careful saving.

He believes that spending can be regulated intelligently only by means of the budget system. Any other way of expending an individual or family income is more or less haphazard and inefficient.

He says the planning and adhering to a family budget if entered into in the right spirit is more fascinating than any game, as the results can be made exact and are not dependent on chance. The management of a budget calls into use the same mental faculties as a game. It requires more intelligence and foresight than chess, more team work than bridge, more nerve than poker, and more patience than solitaire.

The budget plan is not new but is not yet in general practice.

Systematic thrift can be successfully taught in the public school.

Parents are everywhere hoping that their children may reach the ideal of which their elders fell short.

A dependent old age is one of the saddest sides of life. Mr. Bromley says that the Parent-Teacher Associations hope to avert this condition for the coming generation by intelligent instruction in systematic thrift, in which the school savings system is the most efficient project.

The introduction of a school savings system into the Redwood valley school was prefaced and the way prepared by Mr. Bromley's comprehensive talk on thrift.

The entertainment committee, of which Mrs. J. D. Branson was chairman, served refreshments at the close of the program.

The P. T. A. gave a benefit card party at the school building Saturday evening to raise funds for emergency school expenses.

Four Granges Install Officers

A joint installation of officers of Pomona Grange No. 10, Ukiah Grange No. 419, Potter Valley Grange No. 115, and Redwood Valley Grange No. 340, was held at Boring hall last Friday evening.

Preceding the installation ceremonies, a business meeting of the Ukiah Grange was held with Worthy Master Ruel R. Stickney presiding. Captain and Mrs. R. S. Ryder were admitted to the Ukiah Grange by demit from Potter Valley Grange.

Approximately 100 members were present from Ukiah and nearly 30 from Potter valley and 25 from Redwood valley, aggregating more than 150 Grangers at the meeting.

The installation of the officers of four Granges at a single ceremony is a notable event in Grange history in this county.

George Sehlmeyer, master of the California State Grange, acted as installing officer and conducted the ritualistic work in a most impressive manner.

A special corps of officers headed by C. N. Snyder as master, had been selected to fill the chairs during the ceremony by Mrs. Lillian Thomas, who was in charge of the installation plans and preparations.

Mrs. Vada Collier, attired in a rich evening costume of gold colored satin, performed the work of marshal with grace and dignity. She was assisted by Helen Swim and Katherine Waugh, who were lovely in evening gowns of organdie in delicate pastel shades.

The vocal music was provided by the Grange chorus which was led by W. K. Davis, who also presided at the piano.

Several beautiful tableaux formed a spectacular feature of the ceremony.

The state master is an able orator and delivered the charges in a voice and manner that impressed all present with the importance of the office and the order of which it is on outgrowth.

The lovely corsages worn by the escort team, the beautiful bouquet presented to Flora, and the flowers that adorned the station of the Graces were the gift of K. N. Hengeveld of the Ukiah Floral Nursery.

Officers of Pomona Grange No. 10, for the coming year were installed as follows:

Mrs. James Eddie, master; C. N. Snyder, overseer; Mrs. F. M. Swim, lecturer; Ruel R. Stickney, steward; Charles Luce, assistant steward; Mrs. C. N. Snyder, chaplain; Franz Grothe, treasurer; Mrs. C. B. Burgess, secretary; Mrs. Roy Ford, gate-keeper; Mrs. F. J. Wegner, Ceres; Mrs. Roy Ford, Pomona; Mrs. H. A. Dickey, Flora; Mrs. Mary Luce, lady assistant steward; F. M. Swim, member of the executive board; Mrs. Jean Swim, pianist.

Officers of Ukiah Grange No. 419, were seated as follows:

Marion Swim, master; Ralph Banfil, overseer; Mrs. Mary Luce, lecturer; O. R. Archer, steward; H. A. Ford, assistant steward; Mrs. H. A. Ford, chaplain; H. E. Dewey, treasurer; Miss F. Cameron Bull, secretary; George David, gatekeeper; Mrs. O. R. Archer, Ceres; Mrs. Loren York, Pomona; Mrs. C. H. Duncan, Flora; Miss Edythe Swim, lady assistant steward; R. R. Stickney, member of the executive committee; W. K. Davis, pianist; C. N. Snyder, insurance agent.

Potter Valley Grange No. 115, installed the following officers:

H. A. Dickey, master; John McGuffin, overseer; lecturer, Mrs. K. T. Busch; steward, Scott Clark; assistant steward, Cedric Thornton; chaplain, Mrs. Mary Coble; treasurer, W. T. Eddie; secretary, Mrs. Herbert Pickle; gatekeeper, John Pringle; Ceres, Joy Corbett; Pomona, Doris Clark; Flora, Dorothy Pringle; lady assistant steward, Marjorie Hardisty; executive committee, A. F. Busch, Herbert Pickle, James Eddie.

Officers of Redwood Valley Grange No. 340, are Fred Finne, master; Ted Richey, overseer; Mrs. Mary Finne, lecturer; Clyde Richey, steward; A. J. Frey, assistant steward; Mrs. Christina Ruttler, chaplain; Roy Ford, treasurer; Mrs. Blanche Richey, secretary; A. O. Boyd, gatekeeper; Marie Baker, Ceres; Mrs. Olive Cromwell, Pomona; Doris Ford, Flora; Mrs. Lula Ford, lady assistant steward; members of the executive committee, Herman Ruttler, Frank Branson, L. W. McLintock.

Following the installation, Marion Swim, new master of the Ukiah Grange, took up the work like an experienced executive which augurs well for a successful year for the local Grange.

State Master Sehlmeyer presented Ruel R. Stickney with a past master's jewel and expressed the Grange's appreciation of his work. Mr. Stickney made an excellent master and the Grange has progressed under his able administration.

At the close of the business session, State Master Sehlmeyer delivered a thoughtful and powerful address on the all important subject of "Taxation and Marketing Problems."

He asserted that an increased tax on net incomes and a modified sales tax on luxuries to be applied to school costs, replacing the present taxes on real property, will be one of the objectives of the Grange.

He said the Grange will oppose any attempt of the state to raise new revenues unless they are used as replacement taxes to equalize the burden on the farmer.

The Grange has neither opposed nor favored an increase in the gasoline tax because it does not feel the allocation of funds under such an increase would be favorable under present conditions. We hope to see the repeal of the 40 cent district tax in favor of a general county tax because in some northern counties the gasoline tax is not sufficient to pay for the roads.

The state master announced he was in favor of taxing one natural resource to conserve another as a method of financing water conservation. "The Grange is opposed to a bond issue for this purpose which would fall back on the farmers' property. People should derive some benefit from natural resources, such as a tax on crude oil or similar products to pay for water conservation. A loan may easily be secured from the federal government to carry out the work pending the income from the tax on crude oil.

Overproduction doesn't exist in agriculture, according to Sehlmeyer, who blames all the farmers' troubles on marketing. "I hope to have rates established so that markets can be conducted where the seller lives instead of the buyer, as at present. Consignment shipping has been disastrous to the farmer. Buyers must establish markets in California before the marketing ideal can be reached. Solution of marketing problems rests with grower control of the industry, so that the wide range of prices between producer and consumer may be readjusted."

Efforts will be made by the state Grange to reduce electric power rates in irrigation sections, the present rates being declared "prohibitive compared with farm profits." Sehlmeyer told the grangers that a complaint had already been filed with the state railroad commission seeking a 20 per cent reduction.

Thrift Week Celebrated In This City

Thrift week has been duly observed by the various organizations of this city during the past few days.

Sunday, January 17, was the 226th anniversary of the birth of Benjamin Franklin, the greatest apostle of thrift in the history of this country.

Two centuries and more ago he began teaching the wisdom of thrift and now the country devotes an entire week to commemoration of his lessons.

We are reminded that he now has 50,000,000 disciples in this country as evidenced by that number of savings accounts in the nation's banks.

Various phases of individual, national, and international economy have been discussed by financial experts during the week. Such subjects were discussed by William Bromley at the meeting of the Redwood Valley P. T. A. last Friday evening and by C. M. Mannon, president of the Savings Bank of Mendocino County, at the Lions Club yesterday noon and F. L. Green of the Savings Bank will talk to the Saturday Afternoon Club on a similar subject tomorrow.

Other noted Americans born in the third week in January are Daniel Webster, born January 18, 1782, Robert E. Lee, January 19, 1807, and Stonewall Jackson, January 21, 1824.

Saturday Afternoon Clubs Meets Tomorrow

Mrs. E. F. Hawn, chairman of the day, is planning to present a worthwhile program at the meeting of the Saturday Afternoon Club at the clubhouse tomorrow afternoon.

On the occasion of her recent visit to the club, Mrs. C. H. E. Kjorlie of Nevada City, chairman of the department of applied education of the California Federation of Women's Clubs, urged club women to keep themselves informed concerning current events and conditions.

In times past it may have been considered correct for women to disclaim any knowledge of finance but now such ignorance is in the same class with other mental inability or inertia.

Many of the club women of the city have wished for a series of lectures by local experts on political and financial world conditions.

At tomorrow's meeting, Mrs. Hawn will present F. L. Creen, who is in charge of the securities department of the Savings Bank of Mendocino County, as the speaker of the meeting. Mr. Creen will address the club on the subject of "World Business Conditions."

A group of vocal solos will be rendered by Miss Chrystine Burke.

Members are urged not to miss this interesting and instructive program.

Rotary Club Meets at Palace

The regular luncheon meeting of the Ukiah Rotary Club was held at the Palace hotel Tuesday with F. A. Yates presiding.

Rev. A. W. Young was chairman of the day and presented Ray Rollin Wilson, principal of the Ukiah grammar school, as the speaker of the meeting.

Mr. Wilson addressed the club on the all important subject of raising revenues for school purposes as advocated by the California Teachers' Association.

At a meeting held in Eureka last September in connection with the tri-county institute, Mr. Wilson was elected president of the North Coast section of the California Teachers' Association.

He attended a meeting of the council of the C. T. A. held in Los Angeles December 5, the import of which was a move to change the source of taxation for school funds that the land owners might be relieved of a part of the burden of taxation.

Mr. Wilson reports that representatives of the State Farm Bureau and the Real Estate Owners' Association met with the council, which includes the members of the board of directors of the C. T. A., together with the presidents and secretaries of the various sections of the association.

Ways and means of maintaining the efficiency of the schools without the tax load bearing so heavily on the land owner were discussed.

The State Farm Bureau representatives suggested that the expense of the schools be carried exclusively by the state instead of partially by the county as at present.

The Real Estate Owners' Association representatives suggested that the monies be raised from a sales tax on common commodities, not necessities, and also by income tax.

The members of the council, according to Mr. Wilson, agreed that some such action must be taken and some definite plan will be presented to the state legislature at its next session.

We now hear all too frequently of taxpayers' strikes, delinquencies, and reversion of property to the state.

The tax on real estate, especially that on farm lands, must be reduced lest the morale of the taxpayer be broken down and the source of income be dried up.

The minutes of the previous meeting as read by Secretary P. E. McKinney were approved.

Twenty-Thirty Club Hold Dinner-Dance

The Ukiah Twenty-Thirty Club celebrated "Ladies Night" with a dinner dance in the Canton room of the Palace hotel Wednesday evening.

The decorations and tables were most attractively arranged. Narrow rectangular tables were placed around the four walls of the room, leaving a large central space for use of the entertainers and orchestra and giving the diners a perfect view of the room.

The tables were canopied with slender streamers of red, white, blue, and gold crepe paper while long lines of crepe paper in the same cheerful colors were drawn from the corners of the room to the center of the ceiling, where a central decoration was placed.

The festivities began with the community singing of the official Twenty-Thirty song, led by the president, Robert O'Day.

A cordial address of welcome was also delivered by the talented president, Robert O'Day.

One of the most interesting features of the program was the Scotch song by Wayne P. Burke and the Irish song by Robert O'Day, the performers being eminently qualified by ancestry and name for the characters in which they were cast.

Prizes, both pretty and practical, were awarded as follows:

Bridge set, Mr. and Mrs. O. R. Archer.

The trustees of the local district have endorsed the school children's savings bank program which is sponsored by Mr. Bromley's bank. Storm Demoralizes Lines to Boonville

Road Men Hurt When Tree Falls Across Truck. Other Boonville Notes.

BOONVILLE, Jan. 19.—Long distance telephone lines were out for two days recently due to two miles of line being down near the J. E. Singley ranch when several poles fell. The electricity was also off Saturday evening and until 2:00 a. m. Sunday. A large tree is reported to have fallen across the lines, breaking all but one, and it soon burned out. The repair crew spent a couple of hours shoveling out a slide in the Ukiah road before they could reach the damaged lines. This road was closed for a couple of days due to slides. One slide extended over a half mile in length and filled clear across the road.

R. J. Harrington, foreman, and Arthur Wheat had a narrow escape while working on an all-night shift during the recent storm, when a large tree crashed across their truck, smashing in the top and rendering them both unconscious. Mr. Harrington was on the side of the truck and Mr. Wheat in it at the time and from the damage done to the truck it is a wonder both were not killed. The accident occurred on the road between Boonville and Cloverdale where so many trees were down as to close the road in spite of the efforts of the road crew, who worked all night amid crashing timber. Fifteen people on the road were held up and passed the night around a fire at the Mountain House while others slept in their cars. The passenger buss running between Fort Bragg and Cloverdale passed the night on the road near Gaskill. Fortunately there was only one man on the buss besides the driver. The following day all available men of the road crew from the lower end of the valley were put on near Yorkville and the road was opened but the state had to keep a truck on duty all day to pull cars through their new stretch of road.

The farm center meeting was fairly well attended Monday night but the attendance is far from what it should be for this valley. Assistant Farm Advisor Foote spoke on spraying and spray materials. Clyde Edmondson, secretary of the Redwood Empire Association, was the principal speaker of the evening. He explained the work of the association and the results they are obtaining.

Mrs. J. M. Johnson entertained a group of friends at cards Saturday afternoon, January 16. The following guests were present: Mrs. M. I. Burke, Mrs. C. A. Tarwater, Mrs. A. R. Johnson, Mrs. W. J. Fowler, Mrs. Albert Ferrell, Mrs. Sid Dennison, Mrs. V. R. Rawles, Mrs. F. A. Rawles, Mrs. M .E. McGimsey, Mrs. W. W. Holmes and Mrs. E. N. Knivila. The Unity club met Saturday afternoon at the Methodist church. The subject for the day, "Child Welfare With Relation to the Home, the Church and the School," was ably handled by the leaders for the day, Mrs. H. V. Nichols, Mrs. J. F. Hedgpeth and Mrs. M. C. Gowan. Following the regular business meeting refreshments were served and a social hour enjoyed.

The annual meeting of the Boonville Rural Telephone Co. was held January 11 at the high school. Last year's officers with F. A. Rawles, president, E. Hogan, vice-president, Mrs. J. B. McCarty, secretary, J. T. Farrer, treasurer, were reelected for another year as were also the board of directors—I. C. Burke, Mrs. J. M. Hutsell, Mrs. Dell Rawles, M. C. Gowan and W. L. Witherell.

The officers of the company have filed a test case against a member of the company to collect assessments levied last year that were not paid. The case came up before Judge H. J. June Monday morning, January 18. The assessments were necessary to clear up debts contracted during 1930 by the board of directors for a line extension that had been voted for at a meeting of the members. To avoid paying their share of the indebtedness some of the members dropped out of the company. If the company wins the present suit it is understood that they will file claims against all such members.

The following lodge members motored to Willits Tuesday evening to attend lodges: Mr. and Mrs. I. C. Burke, Mr. and Mrs. Ed. Hogan, Mr. and Mrs. H. J. June, Mr. and Mrs. W. L. Witherell, Mr. and Mrs. W. E. Cureton, Miss Marguerite McAbee, Mrs. A. N. Rawles, Mrs. W. W. Holmes, Mrs. D. P. Lawson, Max Rawles and S. T. McAbee.

The Laurel school will open the spring term February 8.

Donald MacKintosh was elected chairman and W. J. Fowler secretary of the local farm center and will endeavor to make this year one of real accomplishment in farm center work. They are asking the cooperation of the members.

Judgment Given in Fishing Boat Case

Judge M. H. Iversen last Friday rendered his decision in the case of Muliano vs. Vilarino, giving judgment in favor of Muliano for $550.

The case arose over the purchase of a fishing boat by Muliano from the defendant. Muliano paid part down and Vilarino gave him a bill of sale. Subsequently he asked that the bill of sale be returned to him until the balance was paid. Muliano surrendered the bill of sale and several weeks later proffered the remainder of the purchase price and asked that the bill of sale be surrendered to him. Vilarino refused and Muliano sued to obtain his money or the boat.

The boat is now tied up on attachment, Muliano having levied on it as soon as judgment was given in his favor.

Charles Kasch conducted the case for Muliano in the superior court.

Covelo News

COVELO, Jan. 18.—Mrs. Mary Ann Hoxie passed away at her home in Covelo, almost without warning, on the afternoon of Wednesday, January 13, 1932. Although she had been failing perceptibly in health, she had not been confined to her bed. She simply lay down for an afternoon sleep, from which she did not waken. Services in her memory were held at the Presbyterian church Saturday afternoon at 2:30, Pastor Charles A. Olsen of the Reservation church officiating and Augusta Chapter No. 80, Order of the Eastern Star, assisting. George Sovern of Modesto, an old friend of the family, acted as funeral director.

Pastor Olsen's brief biographical sketch expresses so truly the esteem in which she was held in the community that we have begged the privilege of reproducing it here:

Before us lie the earthly remains of Mary Ann Hoxie. She was born in California on the 4th of June, 1855. She departed this life January 13, 1932, at the ripe age of 76 years, 7 months and 9 days, at her home. She lived all her life in California and was a resident of this valley for 50 years. Her husband, Ira C. Hoxie, has gone on before. Her mother was Irene Kasson, from Pennsylvania, and her father was Isaac Grist of Illinois. She is the mother of Mrs. Emma Welch of Oakland, Mrs. Hettie Gibson of Alameda, Ferman Hoxie of Covelo, Mrs. Irene Belle Updegraf of Ukiah, Martin C. Hoxie of Fortuna, Mrs. Dorothea Frances Tattenham of Hollywood, and Mrs. Bertha Ellen Fritz (deceased.) She is sister of John W. Grist of Covelo, Mrs. Allie B. Welch of Alameda, Charles E. Grist and Frank O. Grist of Healdsburg, Ed Grist of Covelo and George O. Grist (deceased). Sixteen grandchildren and 13 great grandchildren also survive her. She was a member of the Methodist church of Covelo and also of Augusta Chapter No. 80, Order of the Eastern Star. She left an innumerable host of friends.

Her life both socially and religiously was a sweet perfume whose fragrance will never be forgotten. She was always extending a helping hand to the needy and sick, and has been a comfort to many in their trials and sorrows. She was a mother in Israel, and always had a kind word of praise to the Savior who was hers. The angels of the Lord encamped round about her and delivered her. Her life was like a mountain stream pure and sweet, and many have been the rivulets from that stream that have gone into the hearts and homes of this valley. She could never be excelled in her duty as daughter, mother and sister. May her spirit rest sweetly on the bosom of her Master. Her favorite text was "Be strong and of good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee whithersoever thou goest." To her, death was just a closed door to another more beautiful room.

Present from a distance to attend the funeral were Mrs. Emma Welch, Walter Welch and Mrs. Frances Weldon of Oakland, Mrs. Hettie Gibson of Alameda, Mrs. Luella Millisch of San Francisco, Mr. and Mrs. Frank Updegraf of Ukiah, M. C. Hoxie of Fortuna, and Mrs. Dora Tattenham of Hollywood.

L. J. Lane was displaying an interesting relic during the week—a cap-and-ball pistol of the vintage of 1848, made in Middleton, Connecticut. The weapon saw service in the Mexican war of that same year, in the hands of the owner's father, William Lane, U. S. N. The relic will appear as one of the properties in the presentation of "The Sky Bird" on February 12.

The program for the improvement club which was scheduled for January 16, has been advanced to February 6. The publicity committee, Mrs. R. M. Anderson chairman, is in charge. Please send in your New Year resolution at once to the club president, Mrs. G. F. Johnson, so that the executive committee may have some new material to work upon. Two hundred pansy plants arrived in good condition on the 15th and a duplicate shipment is due within a few days. Communicate with the flower committee to have your order filled.

A real estate deal of interest to Covelo is the recent sale of his mountain range by Clyde Hopper of Covelo to Cleo O'Ferrall, and the purchase of an adjoining tract to his farm in the northwestern part of the valley.

After a short spell of almost spring-like warmth, Round valley awoke to about three inches of snow on Tuesday of last week, a fresh three inches on Wednesday, and about four inches on Saturday. Saturday's precipitation warmed into rain before nightfall, flooding low spots and swelling the streams. With the coming of the snow, thousands of robins and other birds came down from the mountains in search of food.

Hagne.

CHRISTIAN SCIENCE CHURCHES

"Truth" will be the subject of the Lesson-Sermon Sunday, January 24, in all Churches of Christ, Scientist branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The citations which comprise the Lesson-Sermon will include the following from the Bible: "And, behold, there was a woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself. And when Jesus saw her, he called her to him, and said unto her, Woman, thou art loosed from thine infirmity. And he laid his hands on her: and immediately she was made straight, and glorified God" (Luke 13:11-13).

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Truth casts out error now as surely as it did nineteen centuries ago. Then classify sickness and error as our Master did, when he spoke of the sick whom Satan hath bound,' and find a sovereign antidote for error in the life-giving power of Truth acting on human belief, a power which opens the prison doors to such as are bound, and sets the captive free physically and morally" (p. 495).

Heavy Snow Over Week End

Heavy snow fell in Ukiah on Thursday of last week, piling up to a depth of three and a half inches on the level. It lay on the ground until the thaw took it away Saturday night. The roads were blocked in all directions from Ukiah and a number of cars which did not have chains were stalled Friday and Saturday.

This is the third time snow has lain in the valley this winter. We usually get one snow storm during winter, but more than that is not common.

Youths Aid Salesman, Then Steal Samples

(Santa Rosa Press Democrat)

Two youths who assisted a snow-bound traveler in Sonoma valley Thursday night, then looted his automobile while he was registering in a Sonoma hotel, are in custody in Ukiah, sheriff's officers here were informed yesterday.

They are Jack Silver of Arcata and W. White, no address, each about 25 years old.

Arrested by Sheriff E. L. Williams of Mendocino county as they were attempting to sell a sample case full of candy to a second-hand dealer in Ukiah, the two were questioned by authorities there, and Silver confessed the theft.

Thursday night, Silver told Williams, he and White stopped to assist Harry Brewer, salesman for a San Francisco wholesale candy house, who was mired down at the side of the road. They towed him into Sonoma and while he registered in the Union hotel there, stole the sample case. They then drove north.

Undersheriff T. P. Money yesterday was endeavoring to locate Brewer to have him swear to a complaint against the pair.

Silver, said to be the son of a well-to-do Arcata woman, has been in trouble several times, Williams said.

Most Virulent Critics in Hoover's Own Party

In an effort to soften the effect of the criticism to which President Hoover has been subjected a good many of the Republican newspapers have been digging into history and reciting the abuse that has been heaped on past Presidents from Washington down. As a matter of fact, Mr. Hoover has had less abuse to complain of than almost any President. So far as criticism of him has emanated from responsible sources, it has been directed almost exclusively to his official acts. The fact that a fly sheet at the beginning of the nineteenth century called Washington a tyrant and that from some other obscure source proceeded the expletive "traitor," directed to John Adams, and that Lincoln was charged by some of his enemies with having usurped power to which he had no constitutional right, would not appear to have any bearing, for example, on President Hoover's signing the Smoot-Hawley tariff bill, spoiling the Wagner employment measures, or compelling the enactment of what is satirically styled "the farm relief bill."

The personal attacks on Presidents in the past are comparable in some degree to the subject matter of recent books dealing with Mr. Hoover's business career. Those volumes had attracted little attention and had been almost absolutely ignored by the newspapers until Col. Robert H. Lucas, Executive Director of the Republican National Committee, was inept enough to ascribe their production to the national Democratic organization. Colonel Lucas' statement commanded a certain amount of newspaper notice and the Democratic disclaimer of any knowledge of these books in advance of their publication or of any connection with their authors or authorship naturally stirred considerable curiosity as to their contents and thereby boomed their sale and gave them a general circulation which otherwise they could not have had.

These books and the violent language employed by members of his own party when they were fighting his nomination and previously when he was a member of Woodrow Wilson's war administration, are really the only examples of personal detraction to which President Hoover has been subjected.

It is true that some members of his own party—the latest of them Mrs. Ruth Hanna McCormick—have questioned the expediency of renominating the President because of his unpopularity and even Mrs. McCormick in the editorial in her Rockford, Ill., newspaper was careful to say of this unpopularity, "We state this fact, apart from any criticism of his record as Chief Executive."

It is a familiar expedient to link a present-day office holder with his distinguished predecessors and, in the case of the citation of the defamation of these great figures the obvious purpose is to imply that criticism of the present-day official has no better basis than the scolding that our national heroes endured in the dawn of our political history. Perhaps the best commentary on the effort is to recite merely that these curiosities of political polemics had no effect either on the political fortunes of Washington, Adams and Lincoln—or on the reverence in which their names are held. The unpromising character of Mr. Hoover's prospects are not due to any assault on his private conduct. They are the result of his own official acts and of the effect of those acts on the welfare of the people of this country.

Banker Gives Talk on World Finance

(Continued from page 1)

tion. Germany, France and Italy scaled down their internal debts by revaluing their money. Germany's action was the most drastic and the mark became of almost no value, a debt of $100,000 being paid by a few cents. France scaled down her internal debts 75 per cent. The money of other countries was variously depreciated.

The second world wide offense or error was the orgy of world wide post war spending, with no regard to possible paying power. This, according to the financier, was the greatest economic crime the world has ever perpetrated.

Our own and future generations are loaded with a crushing burden of debt and high taxes.

He says that the American dollar is the single yard stick by which the business of the world is regulated and measured and if possible it must be preserved. If broken or destroyed he paints a dread picture of anarchy and civil war in contrast with which the sorrow and suffering of the World war pales into insignificance.

He says we must keep up our courage and determination to rectify our mistakes as far as may be. Debts must be scaled down, costs cut, and rigid economy practiced. By the rugged path of retrenchment and repentance, the world will find its way up out of the depths.

The banker assures us that this section of California is more favorably situated than any other part of the world and the farther you go from California the worse conditions become. We have much to be thankful for and should be encouraged by our comparative well being.

Affidavits were filed showing that large amounts of money were being paid officers of the corporation for performing the duties of the corporation and that instead of performing those duties, they were being diverted to campaign work to the detriment and prejudice of the corporation's regular business. In support of this contention the following salaries were cited:

Elisha Walker, chairman of the board of directors of Transamerica, $100,000 per year.

James A. Bacigalupi, president, $60,000 per year.

Jean Monnet, vice president, $50,000 per year.
